DETAILED PROGRAM INFORMATION

Director: Royal Zeigs Actor: George Friter, March Acobs
This is a film version of a best seller of the SF novel, which is
an original piece of Gaul Morgan. Mary, an astronomer, receives radio
wave from extraterrestrials while observating at an astronomical
observatory. As a result of the observation of the radio wave, it turns out
that it is a design drawing of a moving device for a space-time continuum.
Mary gets in the completed moving device by herself, but
